Forecast for Friday 15 Jul 2022

Weather: Cloudy overnight with outbreaks of rain. Rain slowly clearing southeast through the morning to leave a drier afternoon with a few showers. Whilst a few bright spells are possible in the afternoon, it will remain cloudy on the whole. The best of any sunny spells expected in the evening.

Chance of cloud-free hill tops above 800m: 40% until midday then 80% in the afternoon.

Low Cloud and visibility: Low cloud down to 500 or 600 m until around midday. Through the afternoon, cloud mainly near or above summits, though locally down to 800 m. Good visibility away from cloud becoming poor in overnight rain and moderate in any daytime showers.

Met Office Aberdeen Meteorologist's View
Remaining quite cold on the summits with feels like temperature in the low single digits.

Forecast for Saturday 16 Jul 2022
Weather: Any early-morning low cloud covering the summits soon clearing to a mainly dry day with sunny periods, although some higher cloud at times. A few spots of rain possible through late-afternoon and evening, though low confidence for this aspect of the forecast.

Maximum wind: Southwesterly, mean 20 mph gusting 30 mph.

Chance of cloud-free hill tops above 800m: 50% until mid-morning, then 90% through the day and 60% into the evening.

Low Cloud and visibility: Low cloud occasionally down to 500 or 600 m until mid-morning and through the evening, otherwise above summits. Good visibility away from cloud.

Temperature: **Glens:** Plus 9 Celsius rising to plus 19 Celsius.
At 800m: Plus 6 Celsius rising to plus 11 Celsius.
Freezing level: Above summits.
